

Cincinnati Geotechnical Group - October 2021**Announcements****Chairman's Message**

Members,

We are pleased to have Steven Zhou, P.E., Ph.D. present at our October meeting. He will be presenting on analysis of deep foundations. We will be meeting at our 'old' room at UC – see additional details on the newsletter. UC requires masks while indoors on campus. Please wear a mask if you attend the meeting.

Remember to register for ORVSS. We want to have a strong showing of our Cincinnati Geotechnical community. Early-bird registration ends October 15.

ORVSS will take the place of our regular November meeting. We are also currently planning to have our traditional Christmas Luncheon at Hofbräuhaus on December 10. More details about that will come as we get closer.

We have meetings for this year covered, but we need presenters for meetings next year. As always, reach out to one of the Officers if you or someone you know is interested.

*-Russ Gatermann, P.E.
Chairman – Cincy Geotech Group*
