

Cincinnati Geotechnical Group - February 2022**Announcements****Chairman's Message**

Members,

We are excited to have Dr. Timothy Stark from the University of Illinois present virtually for us this month. Dr. Stark will be presenting on SPT characterization and design of drilled shafts in weak rocks/shales. Dr. Stark is an excellent speaker and this should be a worthwhile presentation that is particularly relevant to our regional geology. We are grateful to Dr. Stark for taking time out of his busy schedule to present.

Looking forward, we are tentatively planning a joint meeting with the General Cincinnati Section in March. However, no plans are finalized at this time and Covid will continue to impact the planning and format of the meeting. Details will be forthcoming. We currently do not have a speaker for the April meeting. We have the Sharon Woods Lakeside Lodge reserved for our annual Steak Fry in May and we are hopeful we'll be able to hold that event.

*-Russ Gatermann, P.E.
Chairman – Cincy Geotech Group*

A Glance at our Calendar

Feb 17: Dr. Stark—virtual (noon)
Mar: ASCE - Geotech Joint Meeting
Apr: TBD
May 10: Steak Fry at Lakeside Lodge

Upcoming Event

Thursday, February 17th

Dr. Timothy Stark

**Drilled Shaft Design and Modified SPT for
Drilled Shaft Design in Weak Rocks**

Time: Noon —1:00 PM

**Where: Microsoft Teams (virtual)
Meeting link will be sent the
morning of Feb 17th**

**Please use the website link below to RSVP
by 5 PM Wednesday, February 16th:**
