

Cincinnati Geotechnical Group - September 2023**Announcements****Chair's Message**

Members,

With fall just around the corner, I'm looking forward to another year with the ASCE Cincinnati Geotechnical Group and serving as the Chair. Don, Suraj, Nick, and myself are working on a schedule of presentations and celebrations for the next several months. As you can see from the list of our events below, we have through the end of 2023 scheduled. Reach out to myself or the other officers if you'd be interested in presenting (or hosting a jobsite tour). More information is available on the website as well: <https://cincygeotech.org/>

We are excited to have Dr. Sebastian Lobo-Guerrero return to Cincinnati for our September meeting. His presentation was well attended last January and we look forward to another great presentation. Sebastian is a geotechnical project manager/laboratory manager at AGES Inc. Pittsburgh, PA with over 21 years of experience and an adjunct lecturer at University of Pittsburgh.

Looking ahead to November, we will not be meeting, but encourage everyone to attend ORVSS. "What's up in Geotech?" ORVSS LIII will be in Louisville, KY this year see attached flyer for ORVSS for details. And speaking of ORVSS, Cincinnati will be hosting ORVSS in 2024 which means now is the time the officers and other members in deciding next year's topic, venue, and more! Please reach out if you are interested in joining the 2024 ORVSS Planning Committee.

Rebecca E. Scherzinger, P.E.
Chair – Cincy Geotechnical Group
