

Cincinnati Geotechnical Group - March 2024

Announcements

Chair's Message

Members,

Thank you to those who were able to attend the Roundtable Discussion last month. It was a small group but we had a lot of interaction with those in attendance and hope to do this again. It was also a good opportunity to brainstorm how to increase student involvement in our group.

Our March meeting is a tour of the Triple Steam engines at GCWW. With our recent donation, Triple Steam recently installed a kiosk with a touch screen that ask guests to "Take the Water Challenge" according to Lee Hite (see picture). He said "it has been a huge success, particularly for the youth." *There is a maximum of 25 spots for the tour, so please sign up early on the website.* If you cannot attend, there is a virtual tour and sign-ups for Saturday tours on their website.

For April, we have a presentation on the history of the Roebling Bridge which will be hosted at Scherzinger Drilling. And in May, we will return to Goettle's training facility for the annual Steak Fry and secretary elections.

Please contact myself or one of the officers with any questions.

*-Rebecca E, Scherzinger, P.E.
Chair – Cincy Geotech Group*

A Glance at our Calendar

Mar 12: GCWW Triple Steam Tour
Apr 9: Dr. Tolzmann—Roebling Bridge
History—Scherzinger Drilling
